

I just couldn't do without my multi-tool knife. When I glimpse at it I can see the blade shine. I love it!

It has multiple tools like a skrew. It has the words garner state park on it. It is made out of real wood! I think it is awesome!

It has more tools than any other knife. It reminds me of Mission Impossible to where the character has lots of gadgets. I think it is the best!

Before I had it life was hard. I had to go buy tools and that was not fun! But then one day I went to a gift shop. A sparkle caught my eye and that's how I got it. It's super cool!

I'm glad I have it so I don't have to buy tools. I love my multi-tool knife sooo much!
